\$150
ENERGY SAVINGS/YR.

Commercial connectivity: Improve operational efficiencies using 24/7 monitoring and alerts.

\$10
PER MONTH

MONITOR BLIND SPOTS.

myQ® technology enables secure monitoring and control of the operator and door with a smartphone, tablet or computer, so you always know the status of your door. **No matter where you are.**

SAFETY COMES STANDARD.

Just like you, we want your dealership to be as safe as possible for your customers, employees and property. **That's why we designed our Specialty Overhead Operator to meet UL® 325 requirements right out of the box.** So you never have to question the safety of your doors.

REDUCED MAINTENANCE

Smooth start/stop and mid-travel reversal decrease wear on moving parts.

QUIET OPERATION

Noise and vibration reduction provide ultra-quiet operation for a welcome atmosphere.

WORK FLOW

Keep business moving efficiently with selectable opening speeds up to 25% faster than standard operators—11 inches per second.

OPEN FOR BUSINESS

Run your business even when the power's down.

PREVENTIVE MEASURES.

Enhance the control of your doors with these safety accessories.

VEHICLE INSURANCE

Prevent the door from closing on vehicles by adding 36 inches of coverage with **Light Curtains**.

ACCIDENT PREVENTION

Incorporate a **Red/Green Traffic Light** to signal vehicles when the doorway is fully open.

EXTENDED RANGE

Security+ 2.0® **Remote Controls** (not pictured) ensure the door is open when vehicles pull up.

OPTIMIZED SAFETY

Protect your customers, employees and property with **Optical Edges** (not pictured) that monitor the doorway for obstructions.

ENHANCED OPTIONS

Enjoy additional applications with more options in rail length, including 8-, 10- and 12-foot rails along with newly added **14- and 16-foot rail lengths for taller doors**.

FINE-TUNED PERFORMANCE.

Drive business with a range of convenient features, including 8-, 10- and 12-foot rails in addition to newly added 14- and 16-foot rail lengths for taller doors.

LASTING PERFORMANCE
Smooth start/stop and mid-travel reversal for increased reliability and reduced maintenance.

Battery Backup

RELIABLE OPERATION
Stays powered up when the power is out to keep your business running.

COMPLIANT SAFETY
Meets UL® 325 safety guidelines as a complete system.

WARRANTY
Worry-free 5-year warranty.
